

BETHANY CHARTER SCHOOL – Board Special Session January 16, 2019

Board Members present: Karyn Buchheit, Sally Gauvin, Bryan Rose, Michael Slevcove and Sarah White. No visitors present.

Michael Slevcove called the meeting to order at 6:10 pm

Discussion of projected building project at Bethany.

Need well established to have the additional space. We are not looking to increase the student numbers.

Have been a charter school for 14 years.

Current gym space is too small.

Look at functionality of what we are currently doing to see what could be done better.

Some discussion of funding possibilities. Look at grants; but these seem to be moving more towards food/housing instead of education. Could possibly get about \$100,000.00 in grants; could fundraise about \$100,000.00.

Benefit community at large.

Next step to have a meeting with Andy Bellando. Currently set for January 29, 2019 at 2:00 pm. BCS board members planning to attend are: Michael Slevcove, Bryan Rose and Sarah White.

Meeting adjourned at 7:56 pm
